Map to Sale Facility

(not to scale)

THE FOOSS GRANDCHILDREN

DELIVERY: Yearling bulls will be delivered around April after the bulls have been semen tested. Free delivery on all bulls selling for \$3,500 or more within a 300 mile radius.

VOLUME BUYER DISCOUNT: 5% off on the purchase of 5 or more bulls with selling prices of \$3,500.00 each or more.

WINTERING: If needed, yearling bulls will be wintered free until late April or May.

HERD HEALTH: All cattle sell with proper health papers for in-state shipment. A rigid herd health program is followed. Bulls will be vaccinated for foot rot, pink eye, Vira Shield 6+VL5 HB and poured prior to delivery. The 2 year old bulls have already passed their semen test.

RETAINED SEMEN INTEREST: We will retain 1/3 semen interest and revenue on all bulls selling. Full possession and full salvage value sells on all bulls.

GUARANTEE: The bulls are guaranteed to be fertile, reproductive and sound in accordance with the rules and regulations of the American Angus Association.

FIRST SEASON GUARANTEE: Fuoss Angus guarantees all bulls selling for \$3,500 or more against breeding injury for the first breeding season. First breeding season is defined as the 60 day period following the first turnout of the bulls. If a bull is injured or becomes a non-breeder in this 60 day period, let us know right away. We will provide a suitable replacement if one is available; if not, we will give you credit on next year's sale minus \$2,000.00 salvage amount.

– This guarantee does not apply to the death of the bull, nor does it cover mismanagement, poor nutritional care and/or neglect. We do not cover injuries sustained prior to the breeding season. Guarantee is void if bulls are turned in with other bulls, prior to turnout.

– Bulls are the property of the buyer as soon as sold.

INSURANCE: Mortality and Loss of Use insurance will be available on sale day with DakotaAg Insurance. We strongly encourage you to insure your bulls.

Cattlemen & Women,

Welcome to our 27th annual sale. I would like to thank everyone for their interest in our sale.

The bulls were raised on the cows with no creep feed and weaned in September. They're fed a 46 meg cal ration to grow them up. The TMR ration consists of corn silage, alfalfa, prairie hay, corn and bull concentrate and was set up by Jack and Brett from J&R Feeds.

We will winter the bulls until late April. The bulls sell with a first breeding season guarantee. The two year olds have passed their fertility test and the yearlings will be tested before delivery.

Our daughter and son in law will also have 10 registered black angus bulls in the sale. These bulls were weaned and fed with ours.

We carcass tested our bulls and this information is in the catalog.

This year we'll sell choice of our top 3 heifers. A. sired by Connealy Craftsman, B. sired by Woodhill Reality or C. sired by Sitz Resilient.

We're also planning on selling 800 commercial bred heifers next December and February. These females are front end heifers from our customers or neighbors with good angus genetics.

Our 50th wedding anniversary was March 8th so we'll have cake with the regular beverages and ribs after the sale so plan to attend.

Stop in anytime to view the bulls at the ranch. Hope to see you there.

Thanks,

Dave & Kathy Fuoss & family

This sale will be broadcast live on the internet.
