Map to Sale Facility

(not to scale)

THE FUOSS GRANDCHILDREN

DELIVERY: Yearling bulls will be delivered around April after the bulls have been semen tested. Free delivery on all bulls selling for \$3,500 or more within a 300 mile radius. Two year old bulls will be delivered within 2 weeks after the sale.

VOLUME BUYER DISCOUNT: 5% off on the purchase of 5 or more bulls with selling prices of \$4,000.00 each or more.

WINTERING: If needed, yearling bulls will be wintered free until late April or May.

HERD HEALTH: All cattle sell with proper health papers for in-state shipment. A rigid herd health program is followed. Bulls will be vaccinated for foot rot, pink eye, Vira Shield 6+VL5 HB and poured prior to delivery. The 2 year old bulls have already passed their semen test.

RETAINED SEMEN INTEREST: We will retain 1/3 semen interest and revenue on all bulls selling. Full possession and full salvage value sells on all bulls.

GUARANTEE: The bulls are guaranteed to be fertile, reproductive and sound in accordance with the rules and regulations of the American Angus Association.

FIRST SEASON GUARANTEE: Fuoss Angus guarantees all bulls selling for \$3,500 or more against breeding injury for the first breeding season. First breeding season is defined as the 60 day period following the first turnout of the bulls. If a bull is injured or becomes a non-breeder in this 60 day period, let us know right away. We will provide a suitable replacement if one is available; if not, we will give you credit on next year's sale minus \$2,000.00 salvage amount.

– This guarantee does not apply to the death of the bull, nor does it cover mismanagement, poor nutritional care and/or neglect. We do not cover injuries sustained prior to the breeding season. Guarantee is void if bulls are turned in with other bulls, prior to turnout.

– Bulls are the property of the buyer as soon as sold.

INSURANCE: Mortality and Loss of Use insurance will be available on sale day with DakotaAg Insurance. We strongly encourage you to insure your bulls.

Cattlemen & Women,

Welcome to our 28th annual bull sale, Thanks to everyone for their interest and support to allow us to do what we love. What a great time to be in the cattle business! All-time highs for feeder cattle and replacement heifers.

The bulls were raised with no creep feed and weaned in October. The bulls have been grown on a high roughage ration. The TMR ration consists of corn silage, alfalfa, prairie hay, whole corn, and bull concentrate. This ration was formulated in conjunction with Jack and Brett of J&R Feeds.

We will winter the yearling bulls until April and deliver them after they pass their semen test. The two-year-olds have all passed their fertility test and will be delivered within two weeks after the sale.

Tim and Lori Nemec are also selling 10 registered Angus bulls. These bulls were weaned in the fall and grown with ours.

All yearling bulls have been carcass tested; this information will be inside the catalog.

This year we will be offering the pick of all our heifer calves. We plan on breeding them the first of May and you will be able to choose your heifer after preg check.

We also plan on selling 800 commercial bred heifers November through February. These females are front end heifers from our customers or our neighbors with good angus genetics.

Be sure to stay after the sale for ribs from Jack, along with refreshments.

Stop in anytime to view the bulls and registered heifers at the ranch.

Thanks,

Dave & Kathy Fuoss & family

This sale will be broadcast live on the internet.

Selling the **PICK OF HEIFER CROP**

This year Instead of the choice of three, we decided to offer the choice of the whole heifer crop. Feel free to view the heifer pen on DVAuction as well as looking at the heifers before the sale. We will breed the animal and run all summer at no expense. The buyer will come pick his heifer in the fall after pregnancy checking.

Buyer will pay half up front and half upon picking out the Bred Heifer.
